

PRODUCT NO.: 5951

Gloves, Blue Nitrile Powder-Free, (M - 9"- 5 mil) (Non-Sterile)(Safe-Sense)

DESCRIPTION: These single use gloves provide maximum protection for non-sterile hazardous compounding, administration, disposal and other related chemotherapy activities. They are resistant to puncture, abrasion and snag. These gloves are also very commonly used for non-hazardous compounding.

FEATURES:

- Improves user and product protection
- Robust design for superior durability
- Polyurethane coating for easy donning and removal
- Beaded cuff to reduce glove roll down and ripping
- Textured fingertips for exceptional grip and sensitivity
- Produced with distilled water for a silky feeling
- Not made with natural rubber latex
- Anti-static properties
- Low levels of extractables and particles
- Meets and exceeds ASTM D5151, ASTM D6978 and ASTM D6319
- Meets FDA regulations for Food Handling applications
- Manufactured in an ISO 13485 certified facility

TECHNICAL SPECIFICATIONS:

Grade	Medical Examination
Material	Nitrile
Surface	Smooth with textured fingers
Color	Blue
