## **EMERGENCY EYEWASH (STAINLESS STEEL) AND SHOWER COMBINATION**

**DESCRIPTION:** This combination emergency station provides high levels of performance in times of need. It features an impeller action deluge showerhead and a 1-1/4" DuraJade powder-coated stanchion. This station has a stay-open ball-valve which allows hands-free operation once the shower has been activated. The high visibility pull-rod makes the station easy to locate during an emergency.

### **FEATURES:**

- ✔ Eye Wash:
