

PRODUCT NO.: 6858

REFILL BOTTLE FOR EYE WASH STATION (32oz)

Sterile, Saline, FDA Approved, Clear

DESCRIPTION: Quality 32 oz. saline solution is gentle, pH balanced and designed for emergencies. The bottle features an extended flow nozzle that provides a longer flow than conventional bottles and the tamper-resistant twist off tabs can be easily removed when quick action is essential. This is a replacement refill bottle for eye wash station 7459-01. Sterile eye cups not included.

FEATURES:

- Ensure easy access for quick response to eye injuries
- Tamper-evident bottles are easy to insert into station and remain portable for use when transporting injured workers
