PRODUCT NO.: 9859

CONICAL CYLINDER, GRADUATED PLASTIC (125 mL)

Graduation Interval: 25 mL, Pharmaceutical Grade, Dual Scale

DESCRIPTION: This conical cylinder provides excellent chemical resistance. It is lighter in weight than glass, transparent and shatterproof and helps to avoid breakage.

FEATURES:

-  Light weight
-  Conforms to the volume and accuracy requirements of ASTM E1094

TECHNICAL SPECIFICATIONS:

Capacity (mL)	125
Material	Polymethylpentene
Limit of Error (mL)	± 1.8
