

# Material Safety Data Sheet

**I - Product Identification:**

*Product Name:* Chew-A-Treat™ Kit Compound A & B  
*Empirical Formula:* N/A  
*Chemical Name:* N/A  
*Uses:* For pharmaceutical compounding of medicated animal treats only.

*Code:* 2648*CAS#:* N/A**II - Toxicological Information:**

*Irritancy:* May cause eye, skin and respiratory tract irritation.  
*Adverse Effect:* N/A  
*Toxicity data:* N/A

**III - Physical Data:**

*Physical State:* Liquid \_\_\_ Solid X Gas \_\_\_  
*Description: Compound A* Light yellow solid gel like pieces, consisting of a pre-mixed blend of gelatin, water and glycerin.  
*Description: Compound B* A conveniently ground brownish blend of animal food.  
*Solubility:* N/A  
*Other Physical Properties:* N/A

**IV - Fire And Explosion Hazards:**

*Flammability:* N/A  
*Flash Point:* N/A  
*Extinguishing Media:* Water spray, dry chemical powder, appropriate foam.  
*Fire Fighting:* Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

**V - Reactivity Data:**

*Stability:* Stable.  
*Incompatibilities:* N/A  
*Hazardous Decomp. Products:* Toxic fumes of carbon monoxide and carbon dioxide.  
*Hazardous Polymerization:* Will not polymerise.

**VI - Preventive Measures:**

*Preventive Measures:* Wash thoroughly after handling.  
*Personal Protective Equipment:* Gloves and goggles.  
*Specific Engineering Controls:* Adequate mechanical ventilation.  
*Spills & Leaks:* Shut off all sources of ignition. Evacuate the area. Place in a suitable container and retain for disposal. Ventilate and clean the affected area. Do not flush into sewerage system or to drains.  
*Waste Disposal:* Dispose of in accordance with federal / local laws and regulations.  
*Storage: Compound A* Keep in well-closed containers at controlled room temperature.  
*Storage: Compound B* Keep in well-closed containers at controlled room temperature. Recommended to refrigerate after opening.  
*Shipping:* N/A

**VII - First Aid Measures:**

*Eyes:* Flush with copious amounts of water for 15 minutes, separating eyelids with fingers. If irritation persists seek medical aid.  
*Skin:* Wash with soap and water for 15 minutes. If irritation persists seek medical aid.  
*Ingestion:* Call a physician. Wash out mouth with water. Do not induce vomiting without medical advice.  
*Inhalation:* Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

**NOTE:** If victim is unconscious, never induce vomiting nor give liquids. Place victim in a stable side position and keep warm.

*Ecological Data:* N/A  
*Hazardous Ingredients:* N/A  
*References:* Available on request
