

**ALLERGEN DECLARATION**

**Product name:** GUM BASE (Gelatin)

**Stock code:** 2779

**BSE/TSE:** The raw material used in the manufacture of GUM BASE contains Gelatin Bloom 175, NF which is derived from bovine animal sources. These sources are US based and inspected under the guidelines / surveillance set by the USDA and FDA. In addition, since the processing of this product involves high temperatures (greater than 100°C), the likelihood for the Bovine Spongiform Encephalopathy to be present/active, is not feasible/probable at all. Therefore, to the best of our knowledge this product is in compliance with the note for the guidance on minimizing the risk of transmitting animal spongiform encephalopathy agents via human and veterinary medicinal products.

**Allergen:** The following items are not used in the manufacturing process of the product, and although manufacturer does not specifically assay for the presence of the items below, however it is unlikely that any traces of these items are present in the starting materials or in the end product –

<b>The product is unlikely to contain the following -</b>
<input checked="" type="checkbox"/> Cereals containing gluten and products thereof
<input type="checkbox"/> Corn and products thereof
<input checked="" type="checkbox"/> Celery and products thereof
<input type="checkbox"/> Soybeans and products thereof
<input type="checkbox"/> Yeast
